Branover Contractors, Inc. is a privately owned and operated full-service, licensed, and insured electrical contractor headquartered in California. The company has provided its customers throughout Los Angeles, San Fernando Valley, Orange County, Ventura County, and surrounding areas with free estimates, low rates, and quality electrical service since 1985. Whether replacing smoke detectors or designing and installing electrical systems, no electrical task is too small or too big. The company's website describes a complete list of services in greater detail. Since 1985, Branover Electrical Contractors have provided customers throughout Los Angeles, San Fernando Valley, Orange County, Ventura County, and surrounding areas with quality electrical service and seasoned expertise in residential, commercial, and industrial electric planning. We are a full-service Los Angeles Electrician privately owned and operated business. We provide our new and repeat customers with free estimates and meager rates. We are licensed and insured LA electricians.
