Aggregate Technologies, Inc. is a nationwide Concrete Cutting contractor headquartered in Houston, Texas. With offices in Houston and Baton Rouge, the company can provide concrete-cutting services for clients in nearly any industry for any project across the Gulf Coast Region and the continental United States, including Texas, Florida, Louisiana, Mississippi, Alabama, Georgia, Arkansas, and Oklahoma. Aggregate Technologies utilizes diamond technology to perform vertical, horizontal, and circular cutting of asphalt, concrete, masonry, and stone. Aggregate Technologies also provides installation of concrete joint sealers & fillers, application of industrial floor hardeners, coatings & sealers, and placement of traffic markings and bollards & signage.
