11813 Johnson Rd, Suite 1
Beloit, Ohio 44609
United States

Phone: (800) 288-9589

Advanced Floor Coatings is a full-service epoxy paint application and concrete floor resurfacing company in Beloit, Ohio. Headquartered in Beloit, the company operates throughout Ohio, New York, Indiana, Illinois, Kentucky, and Pennsylvania and will consider jobs nationwide. For over thirty years, AFC has owned and operated all the equipment and machines it uses daily. AFC is also a concrete contractor whose clients have included distribution warehouses, automated warehouses, retail stores, production floors, service bays, and hospital facilities. Details of its work are featured on its website. Finding appropriate flooring can be challenging if your work demands a high-moisture environment. Urethane-modified cement may be a good choice as it can withstand moisture and chemicals.
