Masco Corporation is a global leader in designing, manufacturing and distributing branded home improvement and building products. Its portfolio of products enhances the way consumers all over the world experience and enjoy their living spaces. Headquartered in Livonia, Michigan, Masco comprises over twenty companies operating nearly sixty manufacturing facilities in the United States and over twenty in other parts of the world. As a family of companies, Masco shares a robust ethical culture and continuous improvement mindset driven by people and backed by an operating system designed to leverage our scale. Masco is also a provider of installed products and services, including insulation, for homebuilders and contractors. Its companies, products, and brands are listed on Masco's website; stock information, financial statements, SEC filings, and shareholder information are included.
