The Associated General Contractors of America (AGC) is the leading association for the construction industry. AGC represents over 27,000 firms, including over 6,500 of America's leading general contractors and 9,000 specialty-contracting firms. More than 10,500 service providers and suppliers are also associated with AGC through a nationwide network of chapters. With over 27,000 member firms, AGC provides a full range of services satisfying the needs and concerns of its members, thereby improving the quality of construction and protecting the public interest. This association works for America's construction professionals by teaching the latest project delivery and safety techniques and fighting for logical national policy issues.
